

NEWSLETTER NO. 4 / 20

P.L. Ferrari & Co – Coronavirus – All Offices – Working remotely

17th March 2020

Further to our newsletter 2/20 issued on 10th March 2020, the situation regarding Coronavirus has escalated and social distancing measures are being imposed across various countries at an international level. As always, P.L. Ferrari's approach looks to protect our clients, colleagues and their families, and to ensure service continuity to its clients.

Therefore, and in addition to restricted travel and face to face meetings, from Wednesday 18 March (and until notified otherwise) all members of the P.L. Ferrari team across all offices will be working remotely.

All teams in all offices have tested their remote access capabilities and are confident that working remotely will allow us to maintain our usual service levels to both P.L. Ferrari clients and their respective insurers.

This Newsletter, our publication archive and all of our colleagues contact details can also be accessed through website at: www.plferrari.com

Further information, including any changes, regarding contacts details in various offices will follow separately.
